LOEWE.

100 years company history.

From the inventor of television to a global,
traditional company.

For a century, Loewe has stood for inventive spirit and luxury home cinema experiences. From its founding in 1923 to the invention of the television in 1931, Loewe has developed into a traditional company with worldwide operations and is now active in more than 50 countries with its high-quality, elegant TV and audio products.

The traditional manufactory and the high-tech production lines in Kronach in Upper Franconia continue to be the heart of the Loewe brand. This is how sustainable high-tech products par excellence are created.

Vision & Values.

The epitome of luxury.

Loewe is dedicated to give every product a meaning. A story. A purpose. In dedicated precision work, we want to anchor Loewe as the epitome of luxurious technical products par excellence.

The perfect interplay of technical masterpieces and outstanding design icons is awarded on a regular basis by press and design awards.

Innovative AI headphones for a new dimension of listening.

Loewe leo fuses cutting-edge AI innovation with timeless craftsmanship. From language-based translation to an intelligent, intuitive personal assistant, it redefines the headphones usability and interactiveness. Crafted with precision and purpose, Loewe leo delivers deep, resonant bass, breathtaking clarity, and a fully immersive soundscape that envelops you. This is more than a listening device – it's a smart, seamless companion that moves with you, understands you, and evolves with your world.

Immersive sound experience with Adaptive Noise Cancellation.

Immerse yourself in every moment with advanced Adaptive Noise Cancellation that continuously adapts to your surroundings – whether you're on the move, at work, or simply seeking quiet focus. Intelligent speech detection automatically balances noise cancelling and transparency, so you never miss what matters. With intuitive dual control wheels and dedicated action buttons, managing your sound and ambience settings is effortless. Every interaction is smooth, precise, and right at your fingertips, keeping you in control without ever breaking your rhythm.

An immersive sound experience for a multidimensional listenig experience.

Loewe leo delivers powerful, true-to-source sound through high-performance 50 mm drivers and the Texas Instrument OPA1622 SoundPlus™ amplifier, creating crystal-clear highs, deep bass, and an immersive soundstage. Supporting the latest LC3plus codec, it offers Hi-Res Audio both wired and wireless, along with Dolby Atmos and Spatial Audio for a multidimensional listening experience. With Mimi Sound Personalisation, playback adapts to your unique hearing profile, while Bluetooth LE Audio ensures stable, efficient streaming for up to 10 meters away.

Integrated Leo Assistant and language-based translation.

Loewe leo seamlessly brings state-of-the-art AI functions into your everyday life. With the integrated, language-based assistant, you can chat, create notes or get answers – all hands-free, simply by saying 'Hey Leo'. And when travelling, the language-based translation in several languages supports you – perfect for on the go, international meetings or everyday conversations. The intelligent support is always ready when you need it and can be activated via voice command.

The Loewe leo app unlocks the full potential of your headphones. Personalise your sound with EQ, Mimi Sound and Spatial Audio, while features such as shortcuts and Ambience Mode give you full control over sound and ANC.

Bluetooth with BLE and multi device.

With Bluetooth Low Energy (BLE) Audio, Loewe leo offers fast pairing, lower power consumption, and stable, high-quality streaming. Multi-device support lets you switch seamlessly between your phone, tablet, or laptop for an uninterrupted listening experience with up to 65 hours of playtime.

Built to last. Elegant modular design.

Loewe leo pairs refined craftsmanship with effortless connectivity. From anodised aluminium to genuine leather, every material is carefully chosen to deliver lasting comfort and durability. Its modular design with magnetic cushions allows for easy personalisation, while the included hardcase and leather pouch ensure your headphones are protected, wherever you go.

Powerful. 3.1 System Engineered in Germany.

The all-rounder among the soundbars: The powerful 3.1 soundbar Loewe klang bar3 mr shines with an all-round package for almost every area of application. On its own, the device shines with 360 watts of total music power as well as an excellent 3D sound experience thanks to Dolby Atmos. Enjoy immersive, echo and delay-free 360-degree sound with first-class speech intelligibility and voluminous cinema sound, thanks to a forward-facing left, right and centre speaker supported by two integrated subwoofers. German engineering enables the klang bar3 mr to connect

additional front and rear speakers via wireless and latency-free WDAL 2.0 technology (Loewe Wireless Digital Audiolink 2.0). Adding front speakers, the klang bar3 mr then switches the left and right speakers to centre speakers, enabling even better speech intelligibility. Thanks to the AVR connections there is no need for an additional, expensive adapter if older Loewe and thirdbrand active speakers or active amplifiers, which require a cable connection, shall be integrated into the sound system. Do you prefer audio enjoyment in all your rooms? That is no problem with the Loewe klang bar3 mr either. Thanks to the Multiroom function the device couples wirelessly with the Loewe klang mr across different rooms.

The Loewe klang sub1 is ready to use instantly with any Loewe TV from the SL3 series onwards thanks to its simple plug-and-play installation, delivering the ultimate audio experience. Discover a 2.1 audio system with 160 watts of total music power, which provides full bass for greater sound dynamics. Unique is the latency-free Bluetooth connection, which allows the compact subwoofer to be paired with your TV.

The result: a perfectly coordinated sound experience for maximum listening pleasure – without any sound delay, annoying humming or cables between the TV and subwoofer. Small size, big performance: thanks to innovative audio technology inside, the Loewe klang sub1 is only half the size of devices with conventional subwoofer designs. This space-saving powerhouse is the ideal fit for smaller living rooms, especially as the subwoofer is vibration-free. By the way: if you have a TV from another brand with a regulated audio output, you can easily connect the Loewe klang sub1 to it.

The perfect Duo. Professional All-in-One solution.

The Loewe aura.pure offers convenience and espresso enjoyment - perfect for all home baristas. The luxurious design of the espresso machine with integrated coffee grinder and elegant real wood accents embodies a passion for pure coffee enjoyment and offers the simplest preparation of premium coffee in an elegant package.

Equipped with three thermal blocks, the Loewe aura.pure ensures a fast heat-up phase of up to 2 minutes. Pure espresso enjoyment without long waiting times. The three thermal blocks heat the coffee machine, the brewing head and the steam system efficiently and ensure even performance and temperature control.

Powerful thermal technology. Without long heat-up phase.

The integrated stainless steel conical burr grinder enables precision grinding for optimum extraction. This ensures excellent flavour and fresh aroma are guaranteed for coffee enjoyment according to your individual flavour preferences. Elegant and practical accessories make coffee preparation a unique art. The accessories with real wood accents such as the portafilter and the tamper are ideally matched to the elegant design of the espresso machine, as well as the milk jug in basalt grey for the preparation of unique latte art. Thanks to numerous functions, you can create a variety of coffee creations and experience that pure barista feeling in your home.

Our way to sustainability.

We are committed to producing beautifully designed, highly functional, modern and timeless objects. By selecting the finest, highest-quality materials, Loewe creates sustainable products with careful precision work that impress with energy efficiency, software updates and years of reparability, thus underscoring our sustainability concept.

LOEWE.

The Loewe service promise.

For Loewe, service does not end with the purchase: customers can rely on comprehensive service solutions at all times. Our detailed online based FAQ will help you with short questions anytime. Since sustainability is a big part of Loewe's DNA, Loewe's own technical repair shop is able to repair products up to ten years of age - depending on the model and the fault of the unit. A deliberately generous stock of spare parts makes it possible. In addition regular software updates keep Loewe products state-of-the-art technology.

We will be happy
to help you.
